This proxy statement was first mailed to shareholders on November 8, 2006.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

The purpose of the annual meeting is to allow you to vote on the matters outlined in the accompanying Notice of Annual Meeting of Shareholders, including the election of the directors, and ratifying the appointment of E&Y as the Company’s independent auditors for the year ending December 31, 2007.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, November 1, 2006 (the “Record Date”), are entitled to vote at the annual meeting, or any postponements or adjournments of the meeting.

What are the Board’s recommendations on the proposals?

The Board recommends a vote FOR each of the proposals.

How do I vote?

Sign and date each proxy card you receive and return it in the postage-prepaid envelope enclosed with your proxy materials. If you are a registered shareholder and attend the meeting, then you may deliver your completed proxy card(s) in person.

If your shares are held by your broker or bank, in “street name”, then you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, then your broker or bank will vote your shares if it has discretionary power to vote on a particular matter.

Can I change my vote after I return my proxy card?

Yes. You have the right to revoke your proxy at any time before the meeting by notifying the Company’s Secretary (“Secretary”) at Digital Power Corporation, 41920 Christy Street, Fremont, California 94538, in writing, voting in person, or returning a proxy card with a later date.

Who will count the vote?

The Secretary will count the votes and act as the inspector of election. Our transfer agent, Computershare Transfer & Trust, is the transfer agent for the Company’s common stock. Computershare Transfer & Trust will tally the proxies and provide this information at the time of the meeting.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares.

What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, then you will receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted. We encourage you to have all accounts registered under the same name and address whenever possible. You can accomplish this by contacting our transfer agent, Computershare Transfer & Trust, located at 350 Indiana Street, Suite 800, Golden, Colorado 80401, phone (303) 986-5400, fax (303) 986-2444, or, if your shares are held by your broker or bank in “street name”, then by contacting the broker or bank who holds your shares.

How many shares can vote?

Only shares of common stock may vote. As of the Record Date of November 1, 2006, there are 6,608,708 shares of common stock issued and outstanding.

Each share of common stock is entitled to one vote at the annual meeting, except with respect to the election of directors. In elections of directors, California law provides that a shareholder, or his or her proxy, may cumulate votes; that is, each shareholder has that number of votes equal to the number of shares owned, multiplied by the number of directors to be elected, and the shareholder may cumulate such votes for a single candidate, or distribute such votes among as many candidates as he or she deems appropriate. However, a shareholder may cumulate votes only for a candidate or candidates whose names have been properly placed in nomination prior to the voting, and only if the shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes for the candidates in nomination. The Company’s designated proxy holders (the “Proxy Holders”) have discretionary authority to cumulate votes represented by the proxies received in the election of directors. The Proxy Holders intend to vote all proxies received by them in such manner that will assure the election of as many of the nominees described under “Election of Directors” as possible.

What is a “quorum”?

A “quorum” is a majority of the outstanding shares entitled to vote. A quorum may be present in person or represented by proxy to transact business at the shareholders’ meeting. For the purposes of determining a quorum, shares held by brokers or nominees for whom we receive a signed proxy will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter, or if instructions were never received from the beneficial owner. These shares are called “broker non-votes.” Abstentions will be counted as present for quorum purposes.

What is required to approve each proposal?

For the election of the directors, once a quorum has been established, the nominees for director who have received the most votes will become directors. Holders owning a majority of the shares outstanding must approve the appointment of E&Y as the Company’s independent auditors for the year ending December 31, 2007.

If a broker indicates on his or her proxy that he or she does not have discretionary authority to vote on a particular matter, then the affected shares will be treated as not present and not entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

What happens if I abstain?

Proxies marked “abstain” will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal, shares represented by such proxies will not be treated as affirmative votes.

How will we solicit proxies?

The company will distribute the proxy materials and solicit votes. It will also bear the cost of soliciting proxies. These costs will include the expense of preparing and mailing proxy solicitation materials for the meeting, and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to shareholders. Proxies may also be solicited by the Company’s directors, officers, and employees, without additional compensation, in person, by telephone, or by facsimile.

Equity Compensation Plans Not Approved by Security Holders

On January 17, 2004, the Board granted 150,000 options that are not part of compensation plans approved by the security holders. There are options to purchase 150,000 shares of common stock granted in fiscal 2004 to the Company's Chief Executive Officer and President at an exercise price of \$0.99, vest 25% annual, beginning January 17, 2004.

Employee Stock Ownership Plan

The company has adopted an Employee Stock Ownership Plan ("ESOP") in conformity with ERISA requirements. As of December 31, 2005, the ESOP owns, in the aggregate, 167,504 shares of its common stock. All eligible employees of the Company participate in the ESOP on the basis of level of compensation and length of service. Participation in the ESOP is subject to vesting over a six-year period. The shares of the Company's common stock owned by the ESOP are voted by the ESOP trustees. Mr. Wax and Mr. Diamant are the two trustees of the ESOP.

2002, 1998 and 1996 Stock Option Plans

The Company has established the 2002, 1998, and 1996 Stock Option Plans (the "Plans"). The purpose of the Plans is to encourage stock ownership by employees, officers, and directors by giving them a greater personal interest in the success of the business and by providing them an added incentive to advance in their employment or service to the Company. The Plans provide for the grant of either incentive or non-statutory stock options. The exercise price of any stock option granted under the Plans may not be less than 100% of the fair market value of the Company's common stock on the date of grant. The fair market value for which an optionee may be granted incentive stock options in any calendar year may not exceed \$100,000. Generally, the Company's stock option agreements require all stock to be purchased by cash or check. Unless otherwise provided by the Board, an option granted under the Plans is exercisable for ten years. The Plans are administered by the Compensation Committee, which has discretion to determine optionees, the number of shares to be covered by each option, the exercise schedule, and other terms of the options. The Plans may be amended, suspended, or terminated by the Board, but no such action may impair rights under a previously granted option. Each incentive stock option is exercisable, during the lifetime of the optionee, only so long as the optionee remains employed by the Company. In general, no option is transferable by the optionee other than by will or by the laws of descent and distribution.

As of December 31, 2005, a total of 2,272,500 options have been authorized to be issued under the 2002, 1998, and 1996 Plans, and options to purchase 939,225 shares of common stock were outstanding.

401(k) Plan

The Company adopted a tax-qualified employee savings and retirement plan (the "401(k) Plan"), which generally covers all of its full-time employees. Pursuant to the 401(k) Plan, employees may make voluntary contributions to the 401(k) Plan up to a maximum of six percent of eligible compensation. The 401(k) Plan permits, but does not require, additional matching and Company contributions on behalf of Plan participants. The Company matches contributions at the rate of \$0.25 for each \$1.00 contributed up to 6% of the base salary. It can also make discretionary contributions. The 401(k) Plan is intended to qualify under Sections 401(k) and 401(a) of the Internal Revenue Code of 1986, as amended. Contributions to such a qualified plan are deductible to the Company when made, and neither the contributions nor the income earned on those contributions is taxable to Plan participants until withdrawn. All 401(k) Plan contributions are credited to separate accounts maintained in trust.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

On January 12, 2004, the Company entered into a securities purchase agreement with Telkoor. Under the securities purchase agreement, Telkoor acquired 290,023 shares of common stock for the aggregate purchase price of \$250,000. Additionally, under the agreement, Telkoor had the right to invest an additional \$250,000 on, or before, June 30, 2004. The purchase price per share for the additional investment was agreed to be the average closing price of the Company's common stock twenty (20) trading days prior to notice of intent to invest. On June 14, 2004, Telkoor gave notice of its intent to invest \$250,000 and the parties entered into a definitive agreement on June 16, 2004. Telkoor purchased 221,238 shares at \$1.13 per share.

On February 3, 2005, Telkoor loaned the Company \$250,000 through a Convertible Note. Under the terms of the Convertible Note, Telkoor loaned \$250,000 interest free until the tenth business day after the Company announces its financial results for fiscal 2005. Telkoor had the right to convert the debt to common stock at \$1.06 per share. The loan would have been automatically converted at \$1.06 per share if the Company met its set budget for the fiscal year 2005. On April 2006, the convertible note was converted into 235,849 Common shares.
