# The Board of Directors Digital Power Corporation

Re: Review of unaudited interim consolidated financial statements

for the six-month period ended June 30, 2006

We have reviewed the accompanying consolidated balance sheet of Digital Power Corporation ("the Company") and its subsidiaries as of June 30, 2006, and the related consolidated statements of operations for the six-month and three-month periods ended June 30, 2006 and 2005 and changes in shareholders' equity for the six-month period ended June 30, 2006 and cash flows for the six-month periods ended June 30, 2006 and 2005. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the consolidated interim financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

Tel-Aviv, Israel August 10, 2006 KOST FORER GABBAY & KASIERER A Member of Ernst & Young Global

#### NOTE 1:- GENERAL

Digital Power Corporation ("the Company" or "DPC") was incorporated in 1969, under the General Corporation Law of the state of California. The Company has a wholly-owned subsidiary, Digital Power Limited ("DPL"), located in the United Kingdom. The Company and its subsidiary are currently engaged in the design, manufacture, sale and distribution of switching power supplies and converters. The Company has two reportable geographic segments - North America (sales through DPC) and Europe (sales through DPL).

#### NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES

a. The significant accounting policies applied in the annual financial statements of the Company as of December 31, 2005, are applied consistently in these financial statements. In addition, the following accounting policy is applied:

The accompanying unaudited consolidated financial statements as of June 30, 2006 and for the six- month and three-month ended June 30, 2006 and 2005 are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim periods. The condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto, together with management's discussion and analysis of the financial condition and results of operations, contained in the Company Annual Report on Form 10-KSB for the fiscal year ended December 31, 2005. The results of operations for the six-month ended June 30, 2006 are not necessarily indicative of the results for the entire fiscal year ending December 31, 2006.

b. Accounting for stock-based compensation:

On December 31, 2005, the Company has several stock-based employee compensation plans, which are described more fully in Note 5. Prior to December 15, 2005, the Company accounted for those plans under the recognition and measurement provisions of APB Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), and related Interpretations, as permitted by FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). Stock-based employee compensation cost in the amount of \$3 and \$1 was recognized in the statement of operations for the six months and three months ended June 30, 2005, respectively only for those options with an exercise price lower than the market value of the underlying Common stock on the date of grant. Effective January 1, 2006, the Company adopted the fair value recognition provisions of FASB Statement No. 123(R), "Share-Based Payment" ("SFAS 123(R)"), using the modified-prospective-transition method.

#### NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Under that transition method, compensation cost recognized in the first half of 2006 includes compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123(R). On December 31, 2005, the Company accelerated all of its unvested outstanding employees' stock options, and therefore, no compensation costs were included for share-based payments granted prior to January 1, 2006 in the first half of 2006. Results for prior periods have not been restated.

As a result of adopting SFAS 123(R) on January 1, 2006, the Company's net income for the six months and three months ended June 30, 2006, is \$12 and \$10, respectively lower than if it had continued to account for share-based compensation under APB 25. Basic and diluted earnings per share for the six months and three months ended June 30, 2006 would have been the same, due to immateriality.

Total stock-based compensation expense resulting from stock options included in the consolidated statement of operations for the six months and three months ended June 30, 2006 was \$12 and \$10, respectively. This amount was allocated to separate line items in the consolidated statement of operations as required by SFAS 123(R).

The Company and its subsidiaries apply SFAS 123 and Emerging Issues Task Force No. 96-18 "Accounting for Equity Instruments that are Issued to Other than Employees for Acquiring, or in Conjunction with Selling, Goods or Services" ("EITF 96-18"), with respect to options issued to non-employees. SFAS 123 requires use of an option valuation model to measure the fair value of the options at the grant date.

#### NOTE 4:- CONVERTIBLE NOTE

In January 2005, the Company entered into a convertible note agreement with Telkoor, a major shareholder, according to which Telkoor extended a \$ 250 interest-free convertible note to be paid on the tenth business day after the Company announced its financial results for 2005. The note was convertable at any time into Common shares at a rate of \$ 1.06 per share, which is equal to the quoted market price of the Company's Common stock on the date the note was approved and signed. In accordance with the guidelines of APB No. 14, "Accounting for Convertible Debt and Debt Issued with Stock Purchase Warrants", EITF Issue No. 98-5, "Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Instruments", and EITF Issue No. 00-27, "Application of Issue No. 98-5 to Certain Convertible Instruments", the Company has determined that the note had no beneficial conversion feature since the conversion price was equal to the quoted market price of the Company's Common stock at the date the note was approved and signed.

In April 2006, the convertible note was converted into 235,849 Common shares.

## NOTE 5:- ACCOUNTING FOR STOCK BASED COMPENSATION

- a. Share Option Plans:
  - 1. Under the Company's stock option plans, options may be granted to employees, officers, consultants, service providers and directors of the Company or its subsidiaries.
  - 2. As of June 30, 2006, the Company has authorized, by several Incentive Share Option Plans, the grant of options to officers, management, other key employees and others of up to 2,272,200 of the Company's Common shares. As of June 30, 2006, an aggregate of 668,680 of the Company's options are still available for future grant.
  - 3. The options granted generally become fully exercisable after four years and expire no later than 10 years from the approval date of the option plan under the terms of grant. Any options that are forfeited or cancelled before expiration become available for future grants.

#### NOTE 5:- ACCOUNTING FOR STOCK BASED COMPENSATION (Cont.)

A summary of the Company's employee share option activity (except options to consultants and service providers) and related information is as follows:

Circ res contless	and all tour	. 20 200	6 (unaudited)
Six months	enaea June	. 3U. ZUU	6 (unaudited)

	Amount of options	av	eighted erage eise price	Weighted average remaining contractual term (years)	Aggregate intrinsic value *)
Outstanding at beginning of period	1,009,225	\$	1.01		
Granted	180,000	\$	1.32		
Forfeited	(15,000)	\$	1.80		
Exercised	(211,000)	\$	0.76		
Outstanding at end of period	963,225	\$	1.11	7.16	\$ 625,050
Exercisable options at end of period	810,725	\$	1.06	6.68	\$ 539,250

<sup>\*)</sup> Calculation of aggregate intrinsic value is based on the share price of the Company's Common stock as of June 30, 2006 (\$1.68 per share).

Grants for the six months ended June 30, 2006:

Under the provisions of SFAS 123(R), the fair value of each option is estimated on the date of grant using a Black-Scholes option valuation model that uses the assumptions noted in the following table. Because Black-Scholes option valuation models incorporate ranges of assumptions for inputs, those ranges are disclosed. Expected volatilities are based exclusively on historical volatility of the entity's stock as allowed by SFAS 123(R). The entity uses historical data to estimate the expected term of options granted, representing the period of time that options granted are expected to be outstanding; option exercise and employee termination within the valuation model. The risk-free rate of period within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

	Six months ended June 30, 2006
	Unaudited
Expected volatility	105% - 117%
Expected dividends	0%
Expected term (in years)	7
Risk free rate	4.85% - 5.03%

#### NOTE 5:- ACCOUNTING FOR STOCK BASED COMPENSATION (Cont.)

The weighted-average fair value of options granted during the first half of 2006 was \$1.13. The total intrinsic value of options exercised during the first half of 2006 was \$105.

As of June 30, 2006, there was \$151 of total unrecognized compensation cost related to unvested share-based compensation arrangements granted under the plan. That cost is expected to be recognized over a weighted average period of 4 years.

b. Pro-forma information under SFAS 123(R) for periods prior to fiscal 2006:

The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS 123 to options granted under the Company's stock option plans in all periods presented. For purposes of this pro forma disclosure, the value of the options is estimated using a Black-Scholes-option-pricing formula and amortized to expense over the options' vesting periods, with the following weighted-average assumption for June 30, 2005: expected volatility of 103%, risk-free interest rates of 4%, dividend yield of 0% and a weighted-average expected life of the option of 7 years.

Six months

	 ended June 30, 2005
	Unaudited
Net loss available to Common shares - as reported	\$ (272)

Pro forma net loss	\$ (335)
Loss per share:	
Basic and diluted net loss, as reported	\$ (0.04)
Pro forma basic and diluted net loss	\$ (0.05)

#### c. Employee Stock Ownership Plan:

The Company has an Employee Stock Ownership Plan ("ESOP") covering eligible employees. The ESOP provides for the Employee Stock Ownership Trust ("ESOT") to distribute shares of the Company's Common shares as retirement benefits to the participants. The Company has not distributed shares since 1998. As of June 30, 2006, the outstanding Common shares held by the ESOT amount to 167,504 shares.

## NOTE 6:- TOTAL COMPRHENSIVE INCOME (LOSS)

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

With the exception of historical facts stated herein, the matters discussed in this report are "forward looking" statements that involve risks and uncertainties that could cause actual results to differ materially from projected results. Such "forward looking" statements include, but are not necessarily limited to, statements regarding anticipated levels of future revenues and earnings from operations of the Company. Factors that could cause actual results to differ materially include, in addition to other factors identified in this report, dependence on the electronic equipment industry, competition in the power supply industry, dependence on manufacturers in China and other risks factors detailed in the Company's Form 10-KSB for the year ended December 31, 2005. Readers of this report are cautioned not to put undue reliance on "forward looking" statements which are, by their nature, uncertain as reliable indicators of future performance. The Company disclaims any intent or obligation to publicly update these "forward looking" statements, whether as a result of new information, future events, or otherwise.

#### **GENERAL**

We are engaged in the business of designing, developing, manufacturing, marketing, selling and distributing switching power supplies to the industrial, telecommunication, data communication, medical and military industries. Revenues are generated from sales to distributors and OEMs in North America and Europe.

We have continued our efforts to increase sales to existing and new customers, and continue our strategy to manufacture our products in the Far East. While we believe our revenues have increased to a sufficient amount to offset our expenses, we may be subject to net losses in an individual quarter. We believe that our cash will be sufficient to fund those losses for at least 12 months.

The Company's corporate office, which contains our administrative, sales, and engineering functions, is located in Fremont, California. In addition the Company has a wholly-owned subsidiary, Digital Power Limited ("DPL"), located in Salisbury, England.

THREE AND SIX MONTHS ENDED JUNE 30, 2006, COMPARED TO JUNE 30, 2005

#### **REVENUES**

Total revenues increased by 46.0% to \$3,333,000 for the three months ended June 30, 2006, from \$2,283,000 for the three months ended June 30, 2005.

Revenues from the domestic operations of DPC increased 27.1% to \$1,438,000 for the second quarter ended June 30, 2006, from \$1,131,000 for the second quarter ended June 30, 2005. Revenues from the Company's European operations of DPL increased 64.5% to \$1,895,000 for the second quarter ended June 30, 2006, from \$1,152,000 for the second quarter ended June 30, 2005. The revenue increase in the second quarter of 2006 is mainly due to increase in sales of new products.

For the six months ended June 30, 2006, revenues increased by 43.2% to \$6,041,000 from \$4,218,000 for the six months ended June 30, 2005. Revenues attributed to the domestic operations of DPC increased by 36.2% to \$2,861,000 from \$2,101,000 for the six months ended June 30, 2005. The increase in revenue from the domestic operations of DPC is mainly due to higher sales of our new products. Revenues from the Company's European operations of DPL increased by 50.2% to \$3,180,000 from \$2,117,000 for the six months ended June 30, 2005.

#### **GROSS MARGINS**

Gross margins were 25.8% for the three months ended June 30, 2006, compared to 28.0% for the three months ended June 30, 2005. Gross margins were 27.2% for the six months ended June 30, 2006 compared to 29.6% for the six months ended June 30, 2005. The decrease in gross margins is mainly a result of the product mix and supply channel disruptions associated with the implementation of the RoHs (lead free) initiatives, which are required for most product lines by July 1, 2006.

#### ENGINEERING AND PRODUCT DEVELOPMENT

Engineering and product development expenses were 5.2% of revenues for the three months ended June 30, 2006, and 4.3% for the three months ended June 30, 2005. Engineering and product development expenses were 5.1% of revenues for the six months ended June 30, 2006, compared to 5.3% of revenues for the six months ended June 30, 2005. Actual dollar expenditures increased by \$87,000 mainly due to travel and safety expenditures.

#### SELLING AND MARKETING

Selling and marketing expenses were 9.5% of revenues for the three months ended June 30, 2006, compared to 14.2% for the three months ended June 30, 2005. In absolute dollars, the selling and marketing expenditures remained at approximately the same level. Selling and marketing expenses were 10.2% of revenues for the six months ended June 30, 2006, compared to 16.1% for the six months ended June 30, 2005. Actual dollar expenditures decreased by \$63,000 mainly due to headcount reduction

#### GENERAL AND ADMINISTRATIVE

General and administrative expenses were 10.4% of revenues for the three months ended June 30, 2006, compared to 10.0% for the three months ended June 30, 2005. General and administrative expenses were 10.8% of revenues for the six months ended June 30, 2006, compared to 12.5% for the six months ended June 30, 2005. Actual dollar expenditures increased by \$121,000 mainly due to legal and contract services.

#### FINANCIAL EXPENSES

Financial expense net was \$11,000 for the three months ended June 30, 2006, compared to financial expense net of \$77,000 for the three months ended June 30, 2005. Financial expenses were \$12,000 for the six months ended June 30, 2006, compared to financial expenses of \$88,000 for the six months ended June 30, 2005. Financial expense resulted mainly from the exchange rate fluctuation.

#### **NET INCOME (LOSS)**

For the three months ended June 30, 2006, the Company had net income of \$17,000 compared to a net loss of \$89,000 for the three months ended June 2005. Net income for the six months ended June 30, 2006 was \$54,000 compared to net loss of \$272,000 for the six months ended June 30, 2005. Net income is mainly from the increase in revenues.

#### **EQUITY-BASED COMPENSATION EXPENSE**

January 1, 2006, we adopted Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment," ("SFAS 123(R)") which requires the measurement and recognition of compensation expense for all equity-based payment awards made to our employees and directors including employee stock options on estimated fair value. Equity-based compensation expense recognized under SFAS 123(R) for the six months ended June 30, 2006 was \$11,000. Prior to January 1, 2006, the Company accounted for employees equity based compensation plans under the recognition and measurement provisions of APB Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), and related Interpretations, as permitted by FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123").

The use of Black-Scholes model requires various judgmental assumptions, including estimating stock price volatility, forfeiture rates and exercise behavior.

Expected volatility is based exclusively on historical volatility of the entity's stock as allowed by SFAS 123(R).

If any of the assumptions used in the Black-Scholes model change significantly, stock-based compensation expense may differ materially in the future from that recorded in the current period. See Note 5 to the Consolidated Financial Statements for additional information.

#### LIQUIDITY AND CAPITAL RESOURCES

On June 30, 2006, the Company had cash, cash equivalents \$1,837,000 and working capital of \$3,056,000. This compares with cash and cash equivalents of \$1,047,000 and working capital of \$2,164,000 at June 30, 2005. The increase in working capital is mainly due to increase in cash and cash equivalent and trade receivable, offset partially by increase inrelated party trade payable account.

Cash provided by operating activities for the Company totaled \$48,000 for the six months ended June 30, 2006, compared to cash used in operating activities of \$561,000 for the six months ended June 30, 2005. Cash provided by investing activities was \$179,000 for the six months ended June 30, 2006, compared to cash used in investing activities of \$10,000 for the six months ended June 30, 2005. The cash provided by investing activities was mainly due to release of restricted cash of \$183,000. Cash provided by financing activities of \$160,000 for the six month ended June 30, 2006 compared to cash provided of \$250,000 for the six months ended June 30, 2005.

The Company has an available line of credit with Silicon Valley Bank ("SVB"). The Company can borrow up to \$1,200,000 against eligible accounts receivable and other financial covenants. The rate for this line of credit would be at Silicon Valley Bank's prime rate plus 1.75%. In order to utilize the line of credit, the Company is required to maintain certain ratios and be in compliance with other covenants. As of June 30, 2006, the Company has not utilized its line of credit.

The Company believes it has adequate resources at this time to continue its promotional efforts to increase sales in the electronic industry market. However, if the Company does not meet those goals, it may have to raise money through debts or equity, which may dilute shareholder's equity.

#### AMEX LISTING

On June 13, 2006, the Company received a written notice from the American Stock Exchange (the "AMEX") notifying the Company it has evidenced compliance with the requirements necessary for continued listing on the AMEX.

Previously, on May 3, 2005, the Company had announced that it was subject to delisting because of its shareholders' equity of less than \$4,000,000, losses from continuing operations, and/or net losses in three out of its four most recent fiscal years. In order to maintain its AMEX listing, the Company submitted a recovery plan on June 3, 2005, advising the AMEX of actions it had taken or would take to bring the Company into compliance with the continued listing standards within a maximum of 18 months. On June 28, 2005, the AMEX approved the Company's recovery plan and allowed uninterrupted trading of the Company's common stock

#### ITEM 3. CONTROLS AND PROCEDURES

The Company's management with the participation of the Company's principal executive and financial officers evaluated the effectiveness of the Company's disclosure controls and procedures (as defined Rule 13a-15(e) of the Exchange Act) as of the end of the period covered by this report. The Company's disclosure controls and procedures are designed to ensure that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act are recorded, processed, summarized and reported on a timely basis. Based upon their evaluation, the Company's principal executive and financial officers concluded that the Company's disclosure controls and procedures are effective to accumulate and communicate to the Company's management as appropriate to allow timely decisions regarding disclosure.
